

Google Classroom

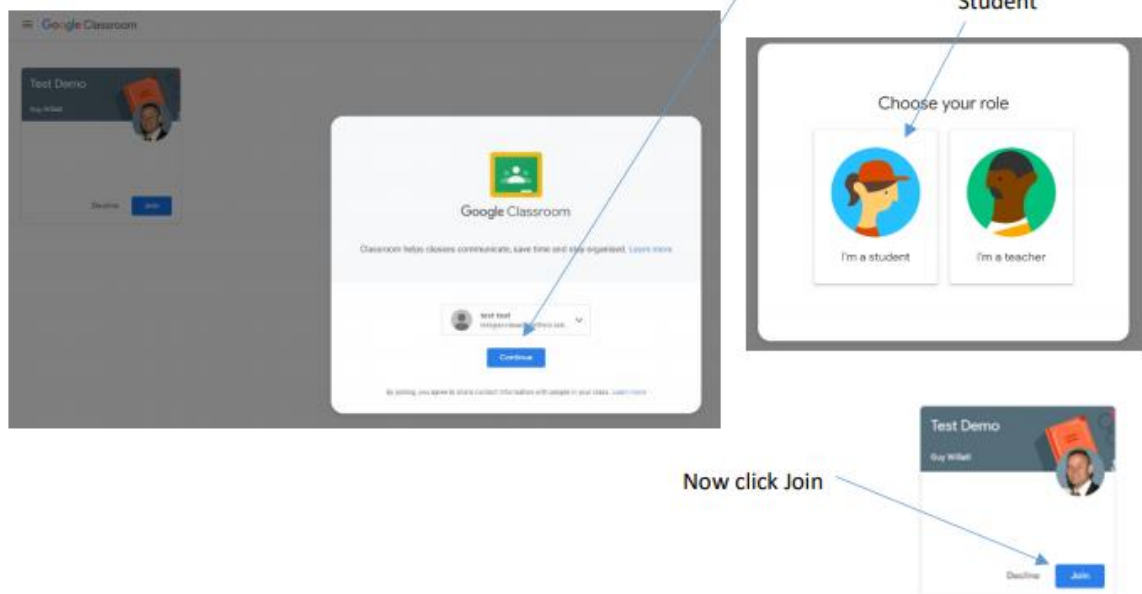

Google Classroom

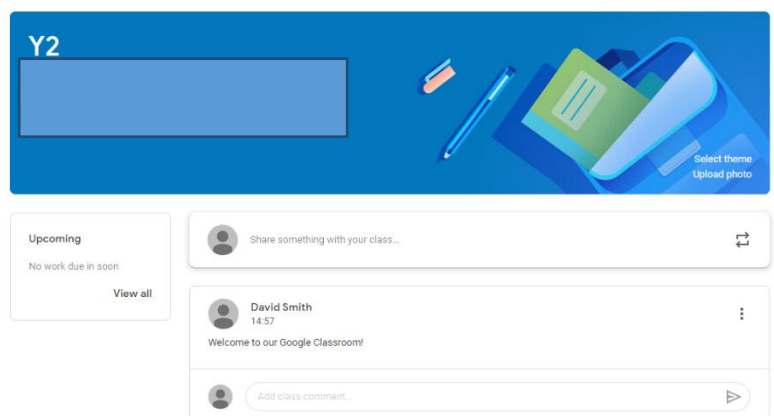

1) Log in by clicking [here](#).

2) ☹

The first time you do this you will be prompted to join a classroom – click continue then click “I’m a Student”

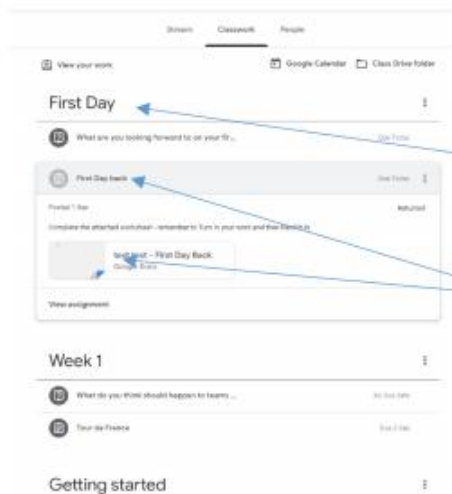

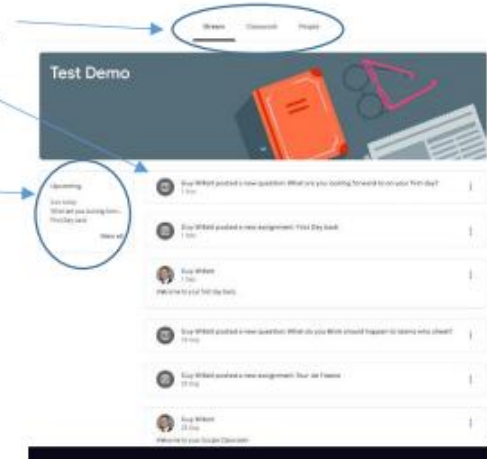

e
d your class you will be able to
see any notices on the page and
access your learning activities.

You will go to the "Stream" page of your Google Classroom.

Here will you find all sorts of messages and activities to do.

There is also a reminder box for when things are due to be completed by.

You will see work is put into "Topics" or Headings.

Click on an assignment to see instructions and any linked documents to open or complete.

3)

If completing a task on a google doc you must TURN IN your work when you have finished it.

Finally, you can write a private message to your teacher if you want to and then hand in your work

Please note: In order to open PDF documents, you may need to install a PDF reader on your device- such as Adobe PDF reader.
